Busing Information for Discover Day Camp at Edith Mayo and Whispering Hills

Girl Scouts Minnesota and Wisconsin River Valleys

The cost of coach bus transportation is included in the fee paid to attend camp. **No refunds or adjustments will be made for alternate methods of transportation**. All girls are expected to ride the bus to and from camp once a request has been made unless the camp director has been notified. Girl programming will begin on the bus.

It is very important to arrive a little early for pick up and drop off. Bus delays may occur from time to time because of traffic congestion and other unforeseen circumstances.

We want to make sure each girl is accounted for at camp. You will be asked to officially check your camper in and out by signing the checkout report. Parents/guardians, or others designated to pick up a camper, should have photo ID available. Pickup should take a matter of minutes.

All campers must have a current health form in hand to board the bus. Campers without a health form will not be allowed to board the bus. Campers attending more than one session will need a completed health form for each session.

A parent program is planned for Wednesday evenings with an optional overnight, therefore, the bus will not be available on Wednesday afternoons or Thursday mornings.

The pick-up/drop off locations are listed below. For questions or to indicate your busing needs, please call 800-845-0787 and ask for the Rochester Service Center or e-mail kym.shealy@girlscoutsrv.org.
